The State of Arizona has implemented a **Long-Term Care Insurance Partnership Program**, as authorized by the Deficit Reduction Act of 2005 ("DRA"), which provides that an Arizona resident who purchases a long-term care policy that meets the DRA requirements is subject to special rules for determining financial eligibility for Medicaid assistance. Long Term Care Shopping Tips

- Shop around for an insurance agent and an insurance company--ask friends, family or neighbors if they recommend their insurance agent or company.
- Ask insurance agents which insurance company's products they sell; most agents only sell products from a few companies. Compare *several* different products from *several* different insurance companies. You might need to talk with several different agents.
- Carefully compare the benefits and restrictions between policies.
- Most LTC insurance premiums increase over time. Carefully evaluate whether premium payments over a long period could be a financial hardship.
- Never pay insurance premiums in cash; do not make checks payable to the insurance *agent*.
- Read your policy carefully and ask follow up questions.
- Use your 30-day "Free Look" period to return a policy for a full refund if you are not satisfied!
- Understand what a Long Term Care Partnership (LTCP) policy is, how it differs from non-LTCP policies, and whether it is affordable for you.
